

Hangaround

SEATING GROUP

Design Kaisa Jäntti

Hangaround – it is a playful swing designed to bring joy and variety to spaces where people gather together. Click or scan the QR code to watch the video of Hangaround Story.

Hangaround provides its users with a fun and ergonomic alternative to the traditional, static sitting position. The gentle rocking motion activates both body and mind. Hangaround is a great place to have meetings or brainstorming sessions with colleagues, or just gather together for a break to chill out.

Materials and finishing

Frame	Powder coated steel (white or black)
Upholstery	Fabric Cura (colors 63012, 68186, 61168, 60110, 62083) Leather Silk (colors 0258, 0842, 0250)
Floor	Birch plywood with a friction coating (black UPM TopGrip)

Dimensions

For the detailed information and dimensions, please see the Hangaround Datasheet.
