

IKI

PRODUCT FAMILY FOR SEATING

Design Ilari Jääskeläinen

IKI brings cozy comfort to any public spaces and homelike interiors. The IKI product family consists of armchairs, rocking chairs and easy chairs with 2-seater and 3-seater sofas. Each IKI product is available with two options for backrest height, two seating heights and various armrest options. Thanks to the wide range of replaceable extra covers and the moisture-resistant, antimicrobial ISKU fabric range make the products easy to clean and maintain.

PRODUCT FAMILY FOR SEATING

Models, materials and functions

Seat and backrest materials

Seat paddings are thermoformable foam. The fabrics can be selected from the wide variety of ISKU standard fabrics including antimicrobial and moisture-resistant fabrics.

2 backrest height options

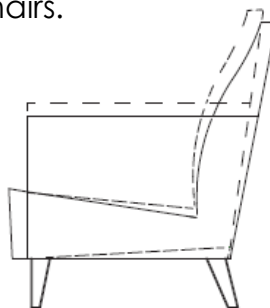

IKI is available with two options for backrest height: low and higher with model with neck rest.

2 leg options

Wooden legs (oak and birch along with painted black and white). Rocking chairs.

2 height options

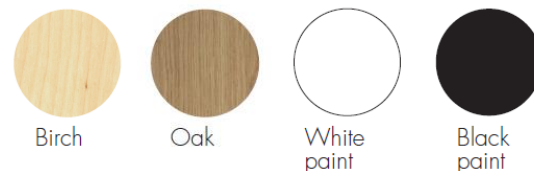

The normal height can be raised with 3 cm to change the sitting angle to make it easier for elderly and disabled to get up from the seat.

Accessories

The models with neck rest can be equipped with additional neck pillow. A wide selection of replaceable spare covers available.

Wooden parts

Beech can be stained to ISKU standards stain colors.

3 armrest options

Straight armrest

Curved armrest

Wooden armrest

IKI
