

MyFlow®

MyFlow OOM Table

TABLE

Design Vertti Kivi

MyFlow OOM Table was originally designed for the MyFlow Open Office Meeting solution. However, when used and combined with other furniture, the interesting and asymmetrical shape of the table opens up new kinds of creative possibilities for the design of the spaces.

From the wide variety of table top and height options you can find a perfect match to complete the interior design with the functionality desired.

Materials and finishing

Table top	ISKU HPL laminate (white, black, light grey, dark grey, oak, birch), ISKU standard technical veneer (birch LN). Available with straight and beveled lower edge.
Leg	Powder-coated steel (black, white)

Dimensions

Height 400, 560, 650, 730, 900 or 1100 mm

More details of the dimensions and shape of the table on the MyFlow OOM Table datasheet.
