

ISKU Style

ELECTRIC TABLE

ISKU Style is a family of modular electrically adjustable tables. All different workstations and conference tables share the harmonious design and high quality within the ISKU Style family. Electric tables are both ecological and modern. ISKU Style modular electric desk system can be used to construct electric desks with 2-4 legs. The standard ISKU collection ranges from small, 60×20 cm rectangular tables to large, 300×300 cm corner tables. The versatile materials, colors and design options make it sure that the tables can be easily fitted to various decorative environments.
