Stacking student desk

Design ISKU Team

The Monzo stacking student desk is a practical solution for adaptable learning environments. The sturdy square-tube leg structure provides stability, and the desks stack easily for convenient storage and room organization. Seamless row connection allows precise side-by-side placement, enabling quick creation of continuous work surfaces. An excellent choice for spaces that require flexibility and efficient use of space.

## Material and finishing

Frame	ISKU standard metal colors
Top	ISKU standard laminates

## Measurement

Width	600mm
Depth	500mm
Height	730mm

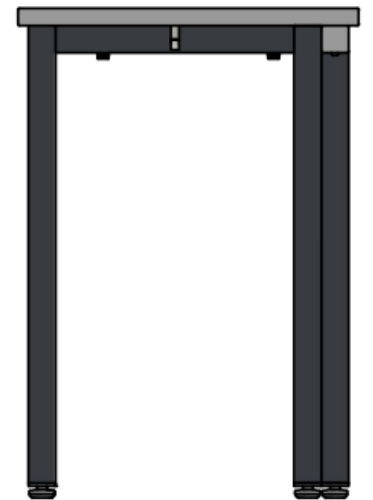

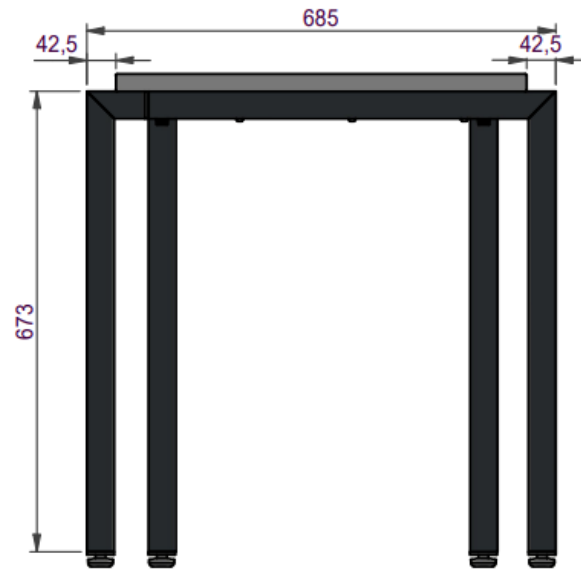

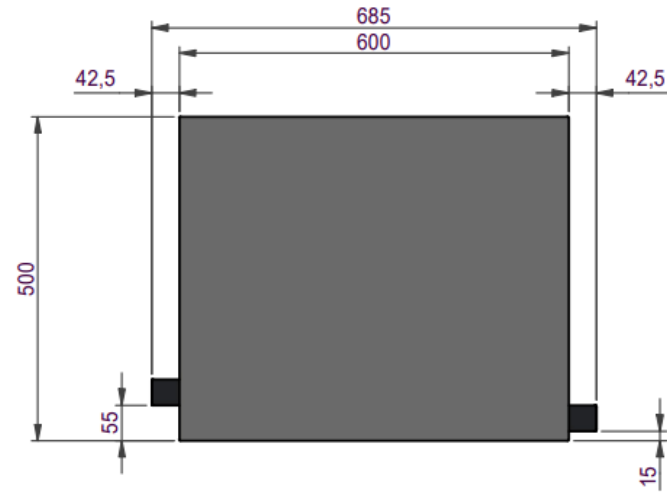

# Monzo
